

Session Program

11-15 May 2026

QCD Evolution 2026

Session A2

El Escorial

Casa E. San José, Av. Reyes Católicos, 12 - 28280 El Escorial - Madrid

Tuesday 12 May

18:00

Session A2: Higher perturbative orders, SIDIS

Session | Location: El Escorial, Casa E. San José, Av. Reyes Católicos, 12 - 28280 El Escorial - Madrid

18:00–18:20 **The DIS dipole picture cross section in exact kinematics**

Speaker

Magnus Bertilsson

18:20–18:40 **Rapidity Dependent Beam Functions at NNLO**

Speaker

Thomas Clark

18:40–19:00 **NNLO QCD corrections to hadron production in DIS at finite transverse momentum**

Speaker

Shen Fang

19:00

Wednesday 13 May

18:00

Session A2: Higher perturbative orders, resummations

Session | Location: El Escorial, Casa E. San José, Av. Reyes Católicos, 12 - 28280 El Escorial - Madrid

18:00–18:20 **NNLO extraction of Unpolarized Di-hadron fragmentation Functions**

Speaker

LUCA POLANO

18:20–18:40 **From Collinear to TMD Distributions in the Large-x Regime**

Speaker

Óscar del Río García

18:40
