

## **Session Program**

11-15 May 2026

# **QCD Evolution 2026**

## ***Session B2***

El Escorial

Casa E. San José, Av. Reyes Católicos, 12 - 28280 El Escorial - Madrid

## Thursday 14 May

16:00

**Session B2: GPD**

Session | Location: El Escorial, Casa E. San José, Av. Reyes Católicos, 12 - 28280 El Escorial - Madrid

**16:00–16:20 Computation of NLO evolution equations of GPDs in the lightcone gauge****Speaker**

Oskar Grocholski

**16:20–16:40 Constraining QCD energy-momentum tensor via dispersion relations****Speaker**

Victor Martinez Fernandez

16:40

16:40

**Session B2**

Session | Location: El Escorial, Casa E. San José, Av. Reyes Católicos, 12 - 28280 El Escorial - Madrid

**16:40–17:00 Unpolarized twist-two GPDs and the role of different IR regulators****Speaker**

Ignacio Castelli

**17:00–17:20****A Finite Element Method Analysis of Shadow Ambiguities in Generalized Parton Distributions****Speaker**

Marija Čuić

17:20
